HAVARC
HEAVY- DUTY
GUMBOOT

HAVARC

ASTM F2413 - 18
M I/75 C/75
Mt/75 EH

SPECIFICATION SHEET

DESCRIPTION	SPEC
Material	EH
Grade	Virgin EH
Upper	10pn
Sole	25pn
Safety Fibre Glass Toe	Yes
Metatarsal Protection	Yes
Anti-Penetration Midsole	Yes
Color	Black / Clear
Fitting	Uni-Sex
Certification	ASTM
Standard	ASTM F2413-18 M I/75 C/75 Mt/75 EH
Dielectrical	18KV

Code: XBCEHSPM
Sizes: 4 - 13 UK
Industry: Heavy Duty Mining
Packaging: 5 Pair Per Size

Carton Size: (sizes 4-9) 40x40x36 cm
(sizes 10-13) 42x42x38 cm

MAINTENANCE TIPS

To prolong the lifespan of Neptun EH gumboots it is recommended that all boots are kept clean during and after usage. Boots should be dried at room temperature and never under applied heat. It is recommended that a light detergent be diluted with water to clean the boots. Harsh cleaning agents will further damage the EH resulting in cracking of the upper and sole. Talk to one of our friendly representatives if you are unsure which cleaning agent to use for your industry, we will be happy to point you in the right direction.

FIND THE RIGHT BOOT FOR YOU
